This message is to confirm your request submission to the FOIAonline application: [View Request](#). Request information is as follows:

- Tracking Number: EPA-R6-2015-008475
- Requester Name: charles grisham
- Date Submitted: 06/29/2015
- Request Status: Submitted
- Description: Regarding Arkwood Superfund Site, EPA Region 6, EPA ID: ARD084930148 Site ID: 06A3, Congressional District: 03

Please provide all documentation (correspondence including emails, progress reports, cost details, contractors and staff involved, with job descriptions, roles and responsibilities, timelines, etc.) related to the "Superfund Enterprise Management System (SEMS) referred to in red at the "Superfund Site Progress Profile" found at the following URL: <http://cumulis.epa.gov/supercpad/cursites/csitinfo.cfm?id=0600124>

Please provide all documentation (correspondence including emails, progress reports, cost details, contractors and staff involved, with job descriptions, roles and responsibilities, timelines, etc.) relating to the statement found on June 29, 2015 in red at that linked web site stating:

"In 2014, the Superfund Program implemented a new information system, the Superfund Enterprise Management System (SEMS). Efforts to migrate data to SEMS and to enhance data quality control are now in the final stages. The Program will continue to rely on the final CERCLIS data set (dated November 12, 2013, which reflects official end of Fiscal Year 2013 Program progress) for public reporting until a complete and accurate SEMS data set is available."

Please provide all documentation (correspondence including emails, progress reports, cost details, contractors and staff involved, with job descriptions, roles and responsibilities, timelines, etc.) relating to the earlier statement found on April 8, 2014 in red at that linked web site stating:

"The Superfund Program is in the process of deploying a new information system, the Superfund Enterprise Management System (SEMS) which is replacing CERCLIS. CERCLIS was frozen as of November 12, 2013. Updated data will become available in early 2014 when SEMS is fully operational."

Please provide all documentation related to the completion of the "Superfund Enterprise Management System (SEMS)"
